Nominating Petition Information

(Issuing the Petition)

1. All petitions must be obtained from the Unicoi County Election Commission Office. Each petition must have the candidate's name and office sought completed at the time the election office issues the petition.
2. An individual may pick up a petition on a candidate's behalf. Also, an individual may return the petition for the candidate. However, only the candidate may complete the candidate's section and the candidate's signature on each page. (No titles may be printed with the candidate's name.)
3. Each petition issued will be treated as a public record. Petition information will be released to the public and media on a regular basis.
4. No photocopies of any petition will be accepted as a replacement for the original. If you lose your original petition or need additional pages, you must obtain original petitions pages from the county election office.

(Procedures to Follow While Circulating a Petition)

5. A candidate's qualifying petition is required to have twenty-five **(25)** nominating signatures, other than the candidate's signature. These signatures must be people who are eligible to vote for the candidate. It is recommended that you obtain at least fifty **(50)** signatures due to the fact that some people may not be registered voters, may have become ineligible to vote, or have not changed their address with the Election Office.

6. Voters signing your petition should sign their name as it is listed on their voter registration record.
7. Each voter must sign their own name. Husbands cannot sign for their wives. Wives cannot sign for their husbands. Anyone who cannot sign their own name due to disability must have two (2) witnesses. (Example: John Doe witnessed by Sally Smith, 12 Main Street and Joe Brown, 10 Main Street.)
8. Voters should list their correct residential address including the city. Post Office Box numbers will not be accepted as a residential address.

(Filing the Nominating Petition)

9. Except for a petition for a delegate candidate, a postmark does not satisfy the filing deadline. For this reason the election commission recommends that the candidate, or their staff, hand deliver the petition in person. The election office staff will provide a receipt of the filed petition for the candidate's record. Any petition filed after the deadline will prevent the candidate's name from being placed on the ballot.
10. All candidates are encouraged to return their nominating petition before the last day of the qualifying period to avoid missing the **Noon Deadline**. Nominating petitions will be checked in the order in which they are returned.
11. The State of Tennessee does not use "filing fees" as part of the nominating process.

(Petition Status & Qualification Process)

12. The Unicoi County Election Commission will notify individuals in writing if the petition has or doesn't have the necessary number of signatures. Info about the Campaign Treasurer and any additional documents are included in this written notice.
13. The members of the Unicoi County Election Commission have the legal responsibility to place only the names of candidates on the ballot who have met all the necessary qualifications. A nominating petition is part of the process along with residency, felony inquiries, and qualification checks.
14. Individuals that have a felony conviction need to have their rights restored by a court before they can qualify, seek, or hold any office in the State of Tennessee. (A Certificate of Restoration is NOT sufficient.)
15. Candidates for Sheriff and Road Superintendent must file affidavits with state agencies two (2) weeks before the qualifying deadline. School Board candidates are required to file proof of high school graduation or proof of a GED. Constable candidates must file a notarized Affidavit. More information about this process will be provided by the election office specific to the office involved.

(Withdrawal Process)

16. Individuals that wish to withdraw their nominating petition have one week to do so after the qualifying deadline. A written request over the candidate's original signature must be filed prior to the 12:00 Noon deadline with the Unicoi County Election Commission. A fax will not be accepted. A phone call will not be accepted.

(Campaign Financial Documents)

17. Under state law, candidates for local elected office are **required to file financial disclosure documents in a timely manner**. Failure to file campaign financial documents timely usually produces negative publicity for a candidate because the local Press does a good job reporting the status of such filings. It is the candidate's sole responsibility to meet the requirements of the campaign financial laws.
18. An "Appointment of Treasurer Form" is always provided with the petition package. Under state law a candidate must file an Appointment of Treasurer before they spend or receive any money.
19. A person who has an unpaid civic penalty imposed by the Bureau of Ethics and Campaign Finance cannot qualify to seek public office unless such penalty has been paid and the required report has been filed as documented by the Registry of Election Finance.
20. The "Paid for by ..." statutes (Disclaimer Law) apply to campaigning for office in Tennessee. See page 24 for more information.

CAMPAIGN FINANCE For State and Local Candidates

Below is a brief summary of the campaign finance statutes for state and local candidates. The purpose of this summary is to make potential candidates aware of their responsibilities under the campaign finance statutes. For more complete info please go to our website (www.tn.gov/tref), speak with your Administrator of Elections (AOE), e-mail the Registry of Election Finance (Registry) (registry.info@tn.gov) or call the Registry (615.741.7959).

Who

Any individual who becomes a candidate. A candidate is defined as an individual who:

- Makes a formal announcement of candidacy for office;
- Has qualified to seek office;
- Accepts contributions or makes expenditures to determine if one shall be a candidate (except for incidental expenditures); or
- Establishes a campaign committee to accept contributions or make expenditures to seek election.

What

Appointment of Treasurer Statement. A candidate must file an Appointment of Political Treasurer Statement with the appropriate office before he or she may receive contributions or make expenditures. All campaign funds must be maintained in a bank or credit union insured by the FDIC or NCUA.

Campaign Financial Disclosure Statements. Candidates must file periodic campaign financial disclosure reports detailing their campaign contributions and expenditures unless they are exempt as described below.

Exempt. A local candidate is exempt from the filing requirements if he or she is seeking an office for which the service is part-time and the compensation is less than \$1,000 per month. This exemption does not apply if the candidate spends more than \$1,000 seeking the office or if the office being sought is mayor or chief administrative officer.

When

Periodic campaign financial disclosure reports are due based on the date of the election(s). The Registry posts on its website (www.tn.gov/tref) the filing dates for state elections and many common local elections. Local candidates should contact their AOE for filing dates.

Where

State candidates file campaign financial disclosure reports electronically with the Registry. Local candidates file campaign financial disclosure reports on paper with their county election commission office.

Candidates will receive a notice from either the Registry or county election commission before a report is due.

Information Required on Campaign Financial Disclosure Statements

Short Form. A candidate receiving \$1,000 or less and spending \$1,000 or less during a reporting period may file a short form. The only financial information required on a short form is balance on hand, loan balance and obligation balance.

Long Form. A candidate who does not meet the requirements to file a short form must file a disclosure detailing their contributions, in-kind contributions, expenditures, loans and obligations (see below for details).

Contributions. Contributions are monies (including a candidate's personal funds) or things of value received for the purpose of the election of any person to public office. Non-monetary contributions such as a donation of supplies are called in-kind contributions. Anonymous contributions may not be accepted.

Contributions totaling \$100 or less from a single source during the reporting period are not required to be itemized. They may be totaled with other single source contributions totaling \$100 or less and be reported as a single item.

Contributions totaling more than \$100 from a single source during a reporting period are required to be itemized. Each itemized contribution must list the contributor's full name, complete address, occupation, and employer. In addition, the amount, date of receipt, and election the contribution is designated for must be listed.

Expenditures. Expenditures are defined as any purchase, payment, distribution, loan, advance, deposit or gift of money or anything of value made for the purpose of influencing the election of any person to public office.

Expenditures totaling \$100 or less to a single payee during the reporting period are not required to be itemized. These expenditures may be broken down and totaled by general categories (i.e. gas, food, and printing).

Expenditures totaling more than \$100 to a single payee must be itemized. Each itemized expenditure must list the payee's full name and complete address along with the amount and purpose of the expenditure.

Loans. Campaign loans must be disclosed by a candidate during the reporting period that the loan is received. A loan must continue to be disclosed on future campaign financial disclosure statements until the loan is paid back in full or a statement has been filed stating the loan will not be repaid and is to be considered a contribution to the campaign.

Obligations. Goods and services received on credit which are not paid for during the reporting period received must be disclosed as an obligation by the candidate during the reporting period that the obligation is incurred. The obligation must continue to be disclosed by the candidate or committee until fully paid.

Contribution Limits

There are limits on how much a person or a PAC may contribute (monetary and in-kind) to a candidate's campaign per election (primary, general and run-off are considered separate elections) and how much monies that a candidate may accept for an election from a person or PAC. The limits for 2021/2022 are as follows:

Office	Person	PAC	Total Contributions from PACs Excluding Party PACs	Total Contributions from Party PACs
Statewide	\$4,300	\$12,700	50% of contributions	\$422,100
State Senate	\$1,600	\$25,400	\$253,200	\$67,500
State Rep	\$1,600	\$12,700	\$126,600	\$33,900
Local Candidate	\$1,600	\$8,300	\$126,600	\$33,900

A candidate may not accept more than \$50 in cash contributions from a single person per election.

Prohibited Uses of Campaign Funds

A candidate for an elected public office is prohibited from using any campaign funds prior to, during or after an election for the candidate's own personal use. Personal use is defined as any use of funds that would require the candidate or official to treat the use as gross income under Section 61 of the IRS Code of 1986. T.C.A. § 2-10-114(b)(1).

There are other specific uses of campaign funds that are prohibited. They may be found on the Registry website in Question 19 of the Candidate FAQs.

Failure to File Required Reports and Violating Other Campaign Finance Statutes

The Registry has the authority to impose civil penalties of up to \$10,000 for late filing or failure to file required campaign financial disclosure reports.

The Registry also has the authority to impose civil penalty of up to \$10,000 or 115% of the amount of all contributions made or accepted in excess of the limitations of the Act, whichever is greater.

FISHBOWLS

- An individual may only make **cash** contributions to a candidate of up to \$50 per election. This would include any contributions placed in a "fishbowl".
- Candidates must account for all contributions received; they are not allowed to accept anonymous campaign contributions (AG Opinion 97-065). Contributions placed in a "fishbowl" are anonymous unless records are kept.
- In order to comply with the restrictions of the campaign financial disclosure law, candidates must be able to identify the source of each contribution received. If a candidate can not account for each contribution received, they will not be able to determine if:
 - An individual has contributed more than \$50 in cash for an election.
 - An individual has exceeded \$100 in contributions for a reporting period and thus their contributions must be itemized.
 - An individual has exceeded the \$1,600 per election contribution limit.
- There are several methods that a candidate may use to keep records at a "fishbowl" event. These methods would include:
 - Have a campaign worker(s) stay with the "fishbowl" and take names and addresses as contributions are placed in the "fishbowl" (remember that occupation and employer must be obtained for any contributions that must be itemized).
 - Have each contributor complete a card with the appropriate information and have it placed in the "fishbowl" at the same time the contribution is made.
 - Have envelopes printed with blanks for the required information. Each contributor may place their contribution in the envelope, provide the required information and then drop it into the "fishbowl".

JUDICIAL CANDIDATES

Rules of the Supreme Court, Rule 10 Canon 4

- Judicial candidates are prohibited from personally soliciting or accepting campaign contributions. Judicial candidates are to set up political campaign committees for the acceptance of contributions and for the expenditure of those funds. A judicial candidate shall appoint someone other than themselves as treasurer of the committee.
- A judicial candidate's committee shall not solicit campaign contributions earlier than 365 days before an election and not later than 90 days after the last election in which the individual candidate participates during the election year. (The 365 day period for the judicial offices that may possibly be subject to a primary election, shall begin to run 365 days prior to the date that the primary election would be held, even if no primary is held.)
- Campaign contributions to judicial candidates are subject to the dollar limitations set forth in the Campaign Contribution Limits Act, T.C.A. §2-10-301, et seq.
- Judicial candidates may make contributions to a political organization or candidate in the amounts provided for in the Campaign Contribution Limits Act.
- Judicial candidates should review Canon 4 for any additional questions they may have regarding judicial elections.

Disclaimer Law Information

A. What does the Disclaimer Law require?

- 2) The disclaimer does not have to appear on the front face of the communication, unless the communication only contains a front face, for example, billboards.
- 3) The specifics of the information required in the disclaimer can be found at T.C.A. § 2-19-120(a)(1), (2), (3) and (4).

B. To whom does it apply? Candidates

- 1) Definition of Candidate – T. C. A. § 2-10-102(3) provides that "Candidate" means an individual who has made a formal announcement of candidacy or who is qualified under the law of this state to seek nomination for election or elections to public office, or has received contributions or made expenditures except for incidental expenditures to determine if one shall be a candidate, or has given consent for a campaign committee to receive contributions or make expenditures with a view to bringing about the individual's nomination for election or election to state public office.

C. When does the statute apply? Whenever any person:

- 1) Makes an expenditure to finance a communication which expressly advocates the election or defeat of a clearly identified candidate, or
- 2) Solicits any contribution, through any broadcasting station, newspaper, magazine, outdoor advertising facility, poster, yard sign, direct mailing or any other form of general public political advertising.
- 3) Exceptions:
 - (1) The requirements of this section do not apply to bumper stickers, pins, buttons, pens, novelties, and similar small items upon which the disclaimer cannot be conveniently printed.

The Federal Hatch Act

The information contained in this document is taken from:

<http://www.osc.gov/documents/hatchact/state/Hatch%20Act%20Modernization%20Act%20Guidance%20for%20State%20and%20Local%20Employees.pdf>

Before relying upon the information contained herein, the U.S. Office of Special Counsel, the enforcer of the Federal Hatch Act, should be contacted for verification of and any updates to the Hatch Act or the Hatch Act Modernization Act. The U.S. Office of Special Counsel may be reached by calling (800) 854-2824, or writing to hatchact@osc.gov.

On December 19, 2012, Congress passed the Hatch Act Modernization Act of 2012. The Act allows most state and local government employees to run for partisan political office. Prior to this change, state and local government employees were prohibited from running for partisan office if they worked in connection with programs financed in whole or in part by federal loans or grants. With the change, the federal Hatch Act no longer prohibits state and local government employees from running for partisan office unless the employee's salary is paid for completely by federal loans or grants.

This change will allow hundreds of thousands of state and local government employees to participate more actively in the democratic process in their communities.

Before entering a race as a candidate, employees should keep in mind the following:

- ***Make sure your salary is not completely funded by federal loans or grants.*** A very small number of state and local employees may continue to be prohibited from running for office by the federal Hatch Act. Before running for office, take steps to determine that your salary is not entirely -- 100% -- funded by federal loans or grants. Your state or local finance office should be able to clarify whether your salary is completely funded by federal loans or grants.
- ***Make sure state or local law does not prohibit you from running.*** Employees should also make sure that they are not prohibited from running for office by state or local law. Nearly every state, many localities, and the District of Columbia have ethics rules that govern the political activity of their employees. This includes, in some cases, the ability of employees to run for state or local office. While the rules under the federal Hatch Act have been relaxed with regard to partisan candidacies, states and localities are free to implement more rigid requirements at their discretion. OSC does not keep a comprehensive list of state and local political activity laws, and OSC does not enforce laws passed at the state or local level. Your state or local ethics office should be able to clarify whether any provision of state or local law prohibits you from running for office.
- ***The Hatch Act restricts state or local employees from engaging in political misconduct.*** The Hatch Act Modernization Act did not change the federal Hatch Act's prohibitions on coercive conduct or misuse of official authority for partisan purposes. A state or local employee is still covered by these prohibitions if the employee works in connection with a program financed in whole or in part by federal loans or grants, even if the connection is relatively minor. A covered employee who runs for office would violate the Hatch Act if the employee:
 - uses federal or any other public funds to support his own candidacy;
 - uses his state or local office to support his candidacy, including by using official email, stationery, office supplies, or other equipment or resources; or
 - asks subordinates to volunteer for his campaign or contribute to the campaign.
